Chairman's Statement

On behalf of the Board of Directors, I have great pleasure to present the Annual Report of Ajinomoto (Malaysia) Berhad for the financial year ended 31 March 2014.

RESULTS/PERFORMANCE

Despite facing a challenging business environment, the Company recorded sales revenue of RM345.4 million for the year ended 31 March 2014, a 3.7% increase over the RM332.9 million achieved in the preceding financial year. The Umami segment recorded 3.1% increase in sales, whilst the Food and Seasoning segment recorded 5.1% higher sales, the latter due to higher sales of "TUMIX[®]" and Industrial Seasoning.

Profit before tax increased from RM28.1 million in the preceding year to RM37.6 million in the year under review. The higher profit was mainly contributed by the higher sales revenue, cheaper price of a key raw material, as well as lower depreciation charge resulting from a change in plant and machinery useful life. The company's continuing cost savings efforts also contributed to lower production costs.

During the financial year, the Company intensified efforts to promote its "TUMIX[®]" range of flavour seasoning. In-store promotions and sales campaigns in food service outlets contributed to increased consumer awareness of the product and higher sales. Meanwhile, the company was also involved in a range of Corporate Social Responsibility (CSR) activities, including "Titipan Kasih Ramadan Harian Metro 2013", a charitable program organised during the fasting month of Ramadan as a contribution to the poor & underprivileged living in a rural Malay community. The company was also involved in

the "Intimate Connection" program with the Sin Chew Group, to promote love and care for underprivileged orphan children.

PROSPECTS

Going forward, the business environment is expected to remain challenging, with increased competition and upward pressure on production costs. The company has launched a new product "TUMIX[®] Penambah Rasa Kuah" which is expected to contribute to higher sales, whilst sales campaigns to promote other products are also planned. Meanwhile, cost savings efforts are continuously being done to mitigate the rising production costs.

DIVIDENDS

The Board of Directors aims to maintain a policy of stable dividend payout to shareholders. The Directors have proposed a first and final single-tier dividend of 18.5 sen per ordinary share. This dividend is subject to the approval of shareholders at the forthcoming Annual General Meeting.

APPRECIATION

On behalf of the Board, I would like to express my deepest appreciation to the management and staff for their strong dedication, commitment and contributions, to our suppliers for their commitment to deliver services and goods meeting our standards, and to our loyal distributors and customers for their continued support to our products and the Company. I would also wish to put on record my sincere gratitude to my fellow Directors for their counsel and support.

Corporate Governance Statement

The Board of Directors of the Company ("the Board") recognises the importance of maintaining high standards of corporate governance within the Company as this would serve to protect shareholders' value as well as enhance the financial performance of the Company.

The Board is committed to its policy of managing the affairs of the Company with transparency, integrity and accountability by ensuring that a sound framework of best corporate governance practices is in place and thus discharging its responsibility towards protecting and enhancing long-term shareholders' value and investors' interest.

The application of the Malaysian Code on Corporate Governance 2012 ("MCCG 2012") to the Company's particular circumstances, having regard to the Recommendations stated under each Principle of the MCCG 2012, is reported hereunder. Where the Company has not followed any Recommendation, intends to take steps or has taken steps to follow such Recommendation, or intends to establish or has established an alternative approach, a statement to that effect, together with the reasons, where applicable, is also reported hereunder.

THE BOARD OF DIRECTORS

The Board has established clear functions reserved for the Board and those delegated to management. The respective roles and responsibilities of the Board and management are clearly set out in the Board Charter and understood to ensure accountability of both parties. This allocation of responsibilities reflects the dynamic nature of the relationship necessary for the Company to adapt to changing circumstances. Key matters such as approval of annual and interim results, acquisitions and disposals, as well as material agreements are reserved for the Board, while a capable and experienced management team is put in charge to oversee the day-to-day operations of the Company.

The descriptions for the respective functions of the Board and the Managing Director/Chief Executive Officer, as well as the Company's corporate objectives to be met by the Managing Director/Chief Executive Officer, are developed by the Board together with the Managing Director/Chief Executive Officer. The Board had adopted a formal Board Charter, which is available for reference at the Company Secretary's office at Level 7, Menara Milenium, Jalan Damanlela, Pusat Bandar Damansara, Damansara Heights, 50490 Kuala Lumpur during normal business hours, and will conduct a regular review of the division of responsibilities as stated in the Board Charter as and when required to ensure that the needs of the Company are consistently met, and to reflect the dynamic nature of the relationship necessary for the Company to adapt to changing circumstances.

The Board Charter adopted by the Board sets out the Board's strategic intent and outlines the Board's roles and responsibilities, providing insights and guidance to the Board and the management concerning their division of responsibilities, and processes and procedures for convening Board meetings.

The Board will periodically review the Board Charter to ensure its relevance.

Composition of the Board

The Board currently comprises six (6) Executive Directors and five (5) Independent Non-Executive Directors. The composition of the Board complies with Paragraph 15.02 of Bursa Malaysia Securities Berhad ("Bursa Securities") Main Market Listing Requirements ("Main LR"), which stipulates that the Company must ensure that at least two (2) directors or 1/3 of the Board, whichever is the higher, are independent directors. Further, as the Chairman of the Board is independent, the Chairman can provide strong leadership by being able to marshal the Board's priorities more objectively. Therefore, the Board is of the view that the current composition of the Board facilitates effective and independent decision making and judgement.

The Board comprises highly respectable and professional persons and represents a diverse background of knowledge, expertise and experience. With their combined experience and knowledge they provide sound advice and judgement for the benefit of the Company and its shareholders. The mixed skills and experiences are vital for the successful performance of the Company. A brief profile of each Director is presented in the section of "Directors' Profile" of this Annual Report.

The Board has identified Mr. Koay Kah Ee to be the Senior Independent Non-Executive Director to whom concerns may be conveyed by shareholders and the general public. In line with the commentary set out in Recommendation 2.1 of the Code, Mr. Koay Kah Ee is also the Chairman of the Nomination Committee ("NC").

The roles of the Chairman of the Board and Managing Director/Chief Executive Officer are separate and each has a clear accepted division of responsibilities to ensure that there is a balance of power and authority and promote accountability. The Chairman is responsible for ensuring Board effectiveness and conduct, leading the Board in the oversight of management, whilst the Managing Director/Chief Executive Officer has the overall responsibilities over the Company's operating units, organisational effectiveness and implementation of Board policies and decisions on a day-to-day basis.

Corporate Governance Statement (cont'd.)

Responsibility is vested in the Non-Executive Directors of the Company to ensure that the policies and strategies proposed by Management are fully discussed and critically examined, not only against the best long-term interests of shareholders, but also to ensure that they take proper account of the interests of employees, customers, suppliers and the communities within which it is represented. The presence of the Independent Non-Executive Directors is essential to provide unbiased and independent view, advice and judgement as well as to safeguard the interest of other parties such as minority interest and the community.

The Board is taking steps to develop a formal policy on its boardroom and gender diversity through the NC and will ensure that women candidates are sought as part of its recruitment exercise. To-date, the NC and the Board are still looking for suitable women candidates to be considered for appointment to the Board.

Board Roles and Responsibilities

In line with the practice of good corporate governance, the Board has established and implemented various processes to assist members of the Board in the discharge of their roles and responsibilities. The Board's roles and responsibilities include the following: -

1. Periodic review and adoption of a strategic plan for the Company

The Board undertakes to play an active role in reviewing and adopting the Company's strategic plans by reviewing, discussing at length, and approving any of the management's proposal on a strategic plan for the Company when the same is presented by the management.

The Board comprises highly respectable and professional persons and represents a diverse background of knowledge, expertise and experience. With their combined experience and knowledge, they provide sound advice and judgement for the benefit of the Company and its shareholders.

In addition, as the non-executive board members are not involved in the day-to-day management of the Company's business, the Board as a whole is able to bring about objective judgements and advice drawing from their respective knowledge, expertise and experience, and ensure that the management has taken into account all appropriate considerations in establishing any strategic plans for the Company.

Responsibility is vested in the non-executive directors of the Company to ensure that the policies and strategies proposed by management are fully discussed and critically examined, not only against the best long-term interests of shareholders, but also to ensure that management takes proper account of the interests of employees, customers, suppliers and the communities within which the Company is represented. The presence of the non-executive directors is essential to provide unbiased and independent views, advice and judgement, as well as to safeguard the interest of all stakeholders.

In February of every year, the Board will discuss and approve the budget for the ensuing financial year at a Board Meeting.

2. Overseeing the conduct of the Company's business

The Board ensures it oversees the performance of management to determine whether the business is being properly managed. The Managing Director/Chief Executive Officer is tasked with the responsibility to keep the Board informed on all matters which may materially affect the Company and its business. As the Managing Director/Chief Executive Officer is accountable to the Board for the achievement of the Company's goals and the observance of management's limitations, the Managing Director/Chief Executive Officer periodically reports to the Board on all operational matters necessary.

3. Identifying principal risks and ensuring the implementation of appropriate internal controls and mitigation measures

The Board recognises the importance of managing risks and maintaining a sound system of internal controls which cover risk management, financial, organisational, operational and compliance controls. The Board has delegated the implementation and monitoring of the internal control system to the management and has appointed independent consultants to carry out the internal audit functions. The Audit Committee ("AC") assists the Board in overseeing this function.

4. Succession planning

The NC is delegated with the responsibility to review Board and senior management succession plans. With this, the NC assesses and recommends to the Board candidates for directorships and nominees to fill the seats on Board Committees in line with the Terms of Reference ("TOR") of the NC. Where there are key management positions to be filled, the Board will also discuss on the same to ensure that the candidates appointed or employed are of sufficient calibre.

Corporate Governance Statement (cont'd.)

5. Overseeing development and implementation of a shareholder communication policy for the Company

The Board recognises the need for transparency and accountability to the Company's shareholders and regular communication with its shareholders, stakeholders and investors on the performance and major developments in the Company. It ensures that timely releases of the quarterly financial results, circulars, press releases, corporate announcements and annual reports are made to its shareholders and investors.

Shareholders, investors and the general public can also obtain information on the Company by accessing the Company's website at <http://www.ajinomoto.com.my>. Shareholders and investors are also able to access the latest corporate, financial and market information of the Company via Bursa Malaysia's website at <http://www.bursamalaysia.com>.

6. Reviewing the adequacy and the integrity of the management information systems, and internal controls system of the Company

The Board acknowledges its responsibility and accountability for reviewing the adequacy and integrity of the management information and internal controls systems. Information on the Company's internal control system is presented in the Statement on Risk Management and Internal Control of this Annual Report.

The Board is committed in maintaining a corporate culture which engenders ethical conduct. Ethical standards are formalised through the Company's Code of Conduct, which summarises what the Company must endeavour to do proactively in order to increase corporate value, and which describes the areas in daily activities that require caution in order to minimise any risks that may occur. The said Code of Conduct is available for reference at the Company Secretary's office at Level 7, Menara Milenium, Jalan Damanlela, Pusat Bandar Damansara, Damansara Heights, 50490 Kuala Lumpur during normal business hours.

The Board also has a separate Whistleblowing Policy stating the appropriate communication and feedback channels to facilitate whistleblowing.

Independence of Directors

The Board is committed in undertaking an assessment of its independent directors annually and assesses the independence of its independent directors based on the criteria developed by the NC, which focuses beyond the independent director's background, economic and family relationships, and applies these criteria upon admission, annually and when any new interest or relationship develops.

The Board is aware that the tenure of an independent director should not exceed a cumulative term of nine (9) years. Upon completion of the nine (9) years, an independent director may continue to serve on the Board as a non-independent director. In the event the Board wishes to retain such director as an independent director, the Board will justify and seek shareholders' approval.

General Tan Sri (Dr) Dato' Paduka Mohamed Hashim bin Mohd. Ali (Rtd) and Dato' (Dr) Teo Chiang Liang are the two (2) independent directors who had served on the Board for more than nine (9) years and accordingly, the Board had sought shareholders' approval at the preceding AGM held on 30 September 2013 to retain them as independent directors. The shareholders had approved the retention.

The Board, with the assessment of the NC, is recommending to the shareholders again at the forthcoming Fifty-Third AGM to approve the retention of General Tan Sri (Dr) Dato' Paduka Mohamed Hashim bin Mohd. Ali (Rtd) and Dato' (Dr) Teo Chiang Liang as independent directors for the ensuing year. Details of the assessment are disclosed in the Notice of the Fifty-Third AGM enclosed in this Annual Report.

Board Meetings

The Board meets at least four (4) times, and as and when required, during the financial year to, amongst others, review and approve the quarterly financial statements and the annual audited financial statements.

Note

* There were five (5) Board meetings held during the financial year ended 31 March 2014. The meetings were held on 28 May 2013, 25 June 2013, 22 August 2013, 26 November 2013 and 20 February 2014.

Board meetings for each calendar year are scheduled well ahead so that the Directors can plan accordingly and fit the Board meetings into their respective schedules.

Supply of Information and Advice

The agenda for the Board meetings, together with appropriate reports and information on the Company's business operations, and proposal papers for the Board's consideration are circulated to all the Directors prior to the meetings in sufficient time. During the meetings, the management provides further detailed information and clarification on issues raised by members of the Board.

The Board sets corporate objectives, which are guided by the parent company's corporate objectives with the Managing Director/Chief Executive Officer. The corporate objectives include performance targets and long-term goals of the business to be met and agreed by the Managing Director/Chief Executive Officer.

The Board has unrestricted access to all information within the Company, whether as a full Board or in their individual capacity, as supplied by the management in a timely manner in order for the Board to discharge its responsibilities. The Board may also obtain independent professional advice at the Company's expense in furtherance of its duties. Wherever necessary, consultants and experts are invited to brief the Board on their areas of expertise or their reports.

The Board has access to the advice and services of the Company Secretary who is suitably qualified under Section 139A of the Companies Act 1965 ("the Act"), and competent. The Board is satisfied with the performance and support rendered by the Company Secretary, who plays a vital role in advising the Board concerning all corporate governance matters. The Company Secretary is also responsible to ensure that Board meeting procedures are followed, and the applicable statutory and regulatory requirements are complied with.

The Company Secretary ensures that all Board and Board Committee deliberations and resolutions are properly and accurately minuted and will update the Board regularly on any regulatory changes and developments in corporate governance.

Corporate Governance Statement (cont'd.)

Appointments to the Board

This NC is responsible for assessing board composition periodically and recommending new members to the Board. The Committee also assesses the performance of the Directors of the Company by annually reviewing the profile of the required skills to ensure that the Board has an appropriate balance of expertise and ability.

Commitment to the Board

Each member of the Board is expected to devote sufficient time and attention to the affairs of the Company. Any Director is, while holding office, at liberty to accept other Board appointment(s) in other companies so long as the appointment is not in conflict with the Company's business and does not affect the discharge of his duty as a Director of the Company. Each Board member is expected to achieve at least 50% attendance of total Board Meetings in any applicable financial year with appropriate leave of absence be notified to the Chairman of the Board and/or Company Secretary, where applicable.

Prior the acceptance of new Board appointment(s) in other companies, the Directors are to notify the Chairman of the Board and/or the Company Secretary in writing. The said notification should include an indication of time that will be spent on the new appointment.

In addition, the Board is briefed at every Board meeting on any significant changes in laws and regulations that are relevant by the Company Secretary.

The members of the Board will attend various professional programmes necessary to ensure that they are kept abreast on various issues on the changing business environment within which the Company operates. In addition, the Board encourages its Directors to attend talks, workshops, seminars and conferences to update and enhance their skills and to assist them in discharging their responsibilities towards corporate governance, operational and regulatory issues.

Re-election and re-appointment of Directors

Any director appointed during the year is required under the Company's Articles of Association ("AA"), to retire and seek re-election by shareholders at the following Annual General Meeting ("AGM") immediately after his appointment. As Mr. Motohiro Komase was appointed after the preceding year's AGM, he will be retiring from office at the forthcoming Fifty-Third AGM.

Corporate Governance Statement (cont'd.)

The AA also provides that one third (1/3) of the Directors shall retire by rotation at each AGM provided always that all Directors shall retire from office at least once in every three (3) years. The Directors retiring from office shall be eligible for re-election by the shareholders. In this respect, the Directors to retire by rotation from office at the forthcoming Fifty-Third AGM are Mr. Katsuhide Shirai, Mr. Ryuji Ito and Mr. Koay Kah Ee.

In addition, in accordance with Section 129 of the Act, General Tan Sri (Dr.) Dato' Paduka Mohamed Hashim bin Mohd Ali (Rtd) who is over the age of 70 years will be seeking for re-appointment at the forthcoming Fifty-Third AGM.

COMMITTEES

The Board of Directors delegates specific responsibilities to the respective Committees of the Board namely the AC, the NC and the Remuneration Committee ("RC") in order to enhance business and corporate efficiency and effectiveness. The Chairman of the respective Committees will brief the Board on the matters discussed at the Committee meetings and minutes of these meetings are circulated to the full Board.

(1) NC

The NC was established with clearly defined TOR, and comprised five (5) non-executive directors, all of whom are independent, during the financial year ended 31 March 2014 as follows:-

- Mr. Koay Kah Ee (Chairman, Senior Independent Non-Executive Director)
- General Tan Sri (Dr) Dato' Paduka Mohamed Hashim bin Mohd Ali (Rtd) (Independent Non-Executive Director)
- Dato' (Dr) Teo Chiang Liang (Independent Non-Executive Director)
- Mr. Dominic Aw Kian-Wee (Independent Non-Executive Director)
- Dato' Setia Ramli bin Mahmud (Independent Non-Executive Director)

The NC had three (3) meetings during the financial year ended 31 March 2014.

The NC is charged with the responsibility to assess new candidates to the Board, if necessary, and to review the structure, size and composition of the Board. The NC also assesses the performance of the Board, the Committees of the Board and the Directors of the Company, as well as the training needs of the Board and each Director annually. The assessments are based on criteria developed, maintained and periodically reviewed by the NC.

All new members to the Board are nominated and elected based on the profile and curriculum vitae and the matching of skills and expertise against the needs of the Company. All new members appointed will be given an induction and the appropriate orientation and training necessary for the discharge of his duties.

The Committee is satisfied with the size of the Company's Board and that there is appropriate mix of knowledge, skills, attributes and core competencies in the composition of the Board during the financial year ended 31 March 2014. The Board is taking steps to develop a formal policy on its boardroom and gender diversity through the NC and will ensure that women candidates are sought as part of its recruitment exercise.

The Chairman of the NC is Mr. Koay Kah Ee, who is also the Senior Independent Non-Executive Director identified by the Board to whom concerns may be conveyed by shareholders and the general public.

The activities of the NC in the discharge of its duties during the financial year ended 31 March 2014 are as follows:-

- a. Reviewed the profile and nomination of new Board and Board Committee members;
- b. Assessed the independence of independent directors;
- c. Reviewed the contribution and performance of each individual director, the Board as a whole and Board Committees;
- d. Reviewed and recommended the re-election and re-appointment of directors to the Board for recommendation to the shareholders for approval;

Corporate Governance Statement (cont'd.)

- e. Reviewed and recommended the retention of independent directors to the Board for recommendation to the shareholders for approval; and
- f. Reviewed the procedures and forms on annual assessments.

Mohamed Hashim bin Mohd Ali (Rtd)
- Dato' (Dr) Teo Chiang Liang (Independent Non-Executive Director)
- Mr. Ryoichi Ebata (Managing Director/ Chief Executive Officer)
- Mr. Dominic Aw Kian-Wee (Independent Non-Executive Director)

The Board has adopted Ajinomoto's Group Remuneration Policy and Ajinomoto Co. Inc.'s recommendations to set the remuneration of its executive directors. The compensation system takes into account the performance of each executive director and the competitive environment in which the Group operates. The executive directors take no part in deciding their own remuneration.

The primary function of the RC is to set up the policy framework and to recommend to the Board the remuneration of the executive directors to ensure the remuneration is sufficiently attractive to retain and motivate the executive directors to run the Company successfully. The determination of the remuneration for the non-executive directors will be a matter of the Board as a whole with the director concerned abstaining from all deliberations and voting in respect of his individual remuneration.

The RC may meet at least once a year or more frequently as deemed necessary. The RC had four (4) meetings during the financial year ended 31 March 2014.

The aggregate remuneration of the Directors for the financial year ended 31 March 2014 is as follows:-

	Executive Directors RM'000	Non-Executive Directors RM'000

(3) AC

The composition, responsibilities, TOR and activities during the financial year of the AC are set out under the section of AC Report of this Annual Report.

3.1 Financial Reporting

The Board is responsible for ensuring that the quarterly and annual audited financial statements of the Company present a fair and balance view and assessment of the Company's financial position, performance and prospects and comply with applicable financial reporting standards.

The AC assists the Board in reviewing and scrutinising the information in terms of accuracy, adequacy and completeness for disclosure to ensure reliability and compliance with applicable financial reporting standards. The AC reviewed the quarterly and annual audited financial statements of the Company prior to recommendation of the same to the Board for approval and submission to Bursa Securities and/or shareholders.

The Statement of Directors' Responsibility in respect of the annual audited financial statements pursuant to paragraph 15.26(a) of Bursa Securities Main LR and pursuant to the Statement of Directors' responsibility of the Companies Act, 1965 is set out in the section of Statement of Directors' Responsibility in relation to the audited financial statements of this Annual Report.

3.2 Risk Management and Internal Control

The Board is committed to determine the Company's level of risk tolerance and to actively identify, assess and monitor key business risks to safeguard shareholders' investments and the Company's assets by monitoring the internal controls in place with the assistance of the AC, the external auditors and the internal auditors, who will report on the effectiveness and efficiency of the internal control processes and procedures periodically to ensure that the system is viable and robust.

Information on the Company's risk management framework and internal control system is presented in the Statement on Risk Management and Internal Control of this Annual Report.

3.3 Relationship with Auditors

The roles of the AC, the internal and external auditors of the Company are described in the AC Report of this Annual Report. The Board and the AC have always maintained a professional and transparent relationship with the Company's auditors.

Policies governing the circumstances under which contracts for the provision of non-audit services can be entered into and procedures that must be followed by the external auditors are established by the AC. The AC also monitors the independence and qualification of external auditors and obtains written assurance from the external auditors confirming that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

The suitability and independence of external auditors are assessed annually in order for the AC to recommend to the Board to recommend to the shareholders the re-appointment of the external auditors for the ensuing year.

3.4 External Audit

The Company's independent external auditors fill an essential role by enhancing the reliability of the Company's annual audited financial statements and giving assurance to stakeholders of the reliability of the annual audited financial statements.

The external auditors have an obligation to bring any significant defects in the Company's system of control and compliance to the attention of the Management; and if necessary, to the AC and the Board.

Corporate Governance Statement (cont'd.)

The AC without the presence of executive Board members and management also meets with the external auditors at least twice during each financial year to exchange free and honest views on issues which the external auditors may wish to discuss in relation to their audit and findings.

3.5 Internal Audit

The internal audit function is outsourced to a professional firm and reports directly to the AC. The head of the internal audit function or his representative attends the AC meetings quarterly to report to the AC on their findings of the effectiveness of the governance, risk management and internal control processes within the Company.

3.6 Related Party Transactions

The AC reviews the related party transactions and conflict of interest situations that may arise within the Group from time to time, including any transactions, procedures and courses of conduct that raises questions of management integrity.

SHAREHOLDERS' COMMUNICATION AND INVESTOR RELATIONS

Relationship with Shareholders

The Board ensures that all material information and corporate disclosures are discussed with the management prior to dissemination to ensure compliance with the Main LR. In deciding on the necessary disclosures and announcements, the Board is also guided by Bursa Malaysia's corporate disclosure guides as published by Bursa Malaysia from time to time.

The Board recognises the need for transparency and accountability to the Company's shareholders and regular communication with its shareholders, stakeholders and investors on the performance and major developments in the Company. It ensures that timely releases of the quarterly financial results, circulars, press releases, corporate announcements and annual reports are made to its shareholders and investors.

Shareholders, investors and the general public can also obtain information on the Company by accessing the Company's website at <http://www.ajinomoto.com.my>. Shareholders and investors are also able to access the latest corporate, financial and market information of the Company via Bursa Securities' website at <http://www.bursamalaysia.com>.

All Notices of general meetings are served within the prescribed notice period as the Board is of the view that serving of such notices earlier than the minimum notice period does not tantamount to encouragement of shareholder participation.

Also, the Board is of the view that given the circumstances and technology surrounding electronic voting at current, the adoption of electronic voting may not facilitate greater shareholder participation as it is not user-friendly and most shareholders may not be familiar with using such a system. Nonetheless, the Board is committed to disclose all relevant information to shareholders in the Notices and during the meetings to enable them to exercise their rights.

AGM

The AGM remains the principal forum for dialogue with shareholders where they may seek clarifications on the Company's business and reports. Shareholders are encouraged to meet and communicate with the Board at the AGM and to vote on all resolutions. The Board will respond to any questions raised during general meetings and also share with the shareholders the Company's responses to questions submitted in advance of the AGM by the Minority Shareholder Watchdog Group, if any.

Notice of the AGM, annual reports and circular are sent out with sufficient notice before the date of the meeting to enable the shareholders to have full information about the meeting to facilitate informed decision-making. The explanatory notes on the proposed resolutions under Special Business are given to help the shareholders vote on the resolutions.

The Chairman informs shareholders of their right to demand a poll vote at the commencement of general meetings. However, the Board is of the view that given the circumstances and technology surrounding electronic voting at current, the adoption of electronic means of poll voting may not also facilitate greater shareholder participation as it is not user-friendly and most shareholders may not be familiar with using such a system.

Corporate Governance Statement (cont'd.)

The Board acknowledges the use of information technology to communicate with its stakeholders. Timely announcements are made through Bursa Link online with regard to the Company's quarterly results, corporate proposals and other required announcements, and the same are also available on the Company's website at <http://www.ajinomoto.com.my>, to ensure effective dissemination of information relating to the Company and that accurate information are provided to the public at large. The Company's annual reports are published on the Company's website at <http://www.ajinomoto.com.my>.

Corporate Responsibility ("CR")

The Board ensures that the Company's strategies promote sustainability with attention given particularly to environmental, social and governance ("ESG") aspects of business which underpin sustainability. The Board understands that balancing ESG aspects with the interests of various stakeholders is essential to enhancing investor perception and public trust. Disclosures on corporate responsibility are presented under "Corporate Responsibility" of this Annual Report and also published on the Company's website at <http://www.ajinomoto.com.my>.

This Statement is made in compliance with Paragraphs 15.25 and 15.08A of the Main LR and approved by the Board on 25 June 2014.

Statement Of Directors' Responsibility

In Relation To The Financial Statements

This statement is prepared as required by the Listing Requirements of Bursa Malaysia Securities Berhad

The Directors are required to prepare financial statements which give a true and fair view of the state of affairs of the Company as at the end of the financial year and of its result and cash flow for the year then ended.

The Directors consider that in preparing the financial statements,

- the Company has used appropriate accounting policies and are consistently applied;
- reasonable and prudent judgments and estimates have been made; and
- all applicable approved accounting standards in Malaysia have been followed.

The Directors are responsible for ensuring that the Company maintains accounting records that disclose with reasonable accuracy the financial position of the Company, and which enable them to ensure that the financial statements comply with the Companies Act 1965.

The Directors have general responsibilities for taking such steps that are reasonably available to them to safeguard the assets of the Company, and to prevent and detect fraud and other irregularities.

Statement On Risk Management And Internal Control

For The Financial Year Ended 31 March 2014

INTRODUCTION

The Board of Directors (“the Board”) of Ajinomoto (Malaysia) Berhad is pleased to present its Statement on Risk Management And Internal Control for the financial year ended 31 March 2014, which has been prepared pursuant to paragraph 15.26(b) of Bursa Malaysia Securities Berhad (“Bursa Securities”) Main Market Listing Requirements (“Main LR”) and in accordance with the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers (“the Guidelines”). The statement below outlines the nature and scope of risk management and internal control of the Company during the financial year under review.

BOARD RESPONSIBILITY

The Board acknowledges its responsibility and re-affirms its commitment in maintaining a sound system of internal control to safeguard shareholders’ investments and the Company’s assets as well as reviewing the adequacy and integrity of the system of internal control. The responsibility of reviewing the adequacy and integrity of the Company’s system of internal control is delegated to the Audit Committee, which is empowered by its terms of reference to seek assurance on the adequacy and integrity of the internal control system through independent reviews carried out by the internal audit function.

However, as there are inherent limitations in any system of internal control, such system put into effect by Management can only reduce but cannot eliminate all risks that may impede the achievement of the Company’s business objectives. Therefore, the internal control system can only provide reasonable and not absolute assurance against material misstatement or loss.

KEY FEATURES OF THE COMPANY’S INTERNAL CONTROL SYSTEM

1. CONTROL ENVIRONMENT

- **Organisation Structure & Authorisation Procedures**

The Company maintains a formal organisation structure with well-defined delegation of responsibilities and accountability within the Company’s Senior Management. It sets out the roles and responsibilities, appropriate authority limits, review and approval procedures in order to enhance the internal control system of the Company’s various operations.

- **Periodic and Annual Budget**

The Company has a comprehensive budgeting and forecasting system. The annual business plan and budget are approved by the Board and the holding Company. Budgetary control is in place for every operation of the Company, where actual performance is closely monitored against budgets to identify and to address significant variances.

- **Company Policies and Procedures**

The Company has documented policies and procedures that are regularly reviewed and updated to ensure that it maintains its effectiveness and continues to support the Company’s business activities at all times as the Company continues to grow.

- **Human Resource Policy**

Comprehensive and rigorous guidelines on employment, performance appraisal, training and retention of employees are in place to ensure that employees of the Company are well trained and equipped with all the necessary knowledge, skills and abilities to carry out their responsibility effectively.

- **Quality of Product**

Quality of product is of prime importance to the Board. Compliance to procedures outlined in ISO9001:2000 and “Hazard Analysis and Critical Control Point” (HACCP) accreditation to underpin quality assurance and control are strictly adhered to via regular internal and external quality audits.

Statement On Risk Management And Internal Control (cont'd.) For The Financial Year Ended 31 March 2014

• **Regular Operational and Management Meetings**

Monthly operational meetings are conducted among senior management to discuss and review the business plans, budgets, financial and operational performances of the Company. Weekly meetings of Department Heads are also held to monitor performances. The quarterly financial statements containing key financial results and comparisons are tabled to the Board for their review.

2. RISK MANAGEMENT FRAMEWORK

The Board acknowledges that the Company's business activities involve some degree of risks and key management staff and Heads of Department are responsible for managing identified risks within defined parameters and standards.

The Risk Management Committee which adopts the risk framework from the parent company's Risk Management Guideline System is chaired by the Managing Director/Chief Executive Officer and includes other key management staff. Identifying, evaluating and managing the significant risks faced by the Company is an ongoing process which is undertaken at each department. During the year under review, this process was carried out through periodic management meetings held to communicate and deliberate key issues and risks amongst Management team members and where appropriate, controls are devised and implemented. Significant risks identified are escalated to the Board for their attention by the Managing Director/Chief Executive Officer.

The abovementioned practices / initiatives by the Management serves as the ongoing process used to identify, assess and manage key business, operation and financial risks faced by the Company.

3. INTERNAL AUDIT FUNCTION

The Company's internal audit function, which is outsourced to a professional service firm, assists the Board and the Audit Committee in providing independent assessment of the adequacy, efficiency and effectiveness of the Company's internal control system. The Internal Auditor reports directly to the Audit Committee and internal audit plans are tabled to the Audit Committee for review and approval to ensure adequate coverage.

On a quarterly basis, the results of the internal audit reviews and the recommendations for improvement are presented to the Audit Committee. In addition, the status of the implementation of corrective actions to address control weaknesses is also followed up by the internal auditors to ensure that these actions have been satisfactorily implemented. Senior Management will continue to ensure that appropriate actions are taken to enhance and strengthen the internal control environment.

Based on the internal audit reviews carried out, none of the weaknesses noted have resulted in any material losses, contingencies or uncertainties that would require separate disclosure in this annual report.

The costs incurred in maintaining the outsourced internal audit function for the financial year ended 31 March 2014 amounted to RM65,941 (financial year ended 31 March 2013: RM65,810).

4. INFORMATION AND COMMUNICATION

Information critical to the achievement of the Company's business objectives are communicated through established reporting lines across the Company. This is to ensure that matters that require the Board and Senior Management's attention are highlighted for review, deliberation and decision on a timely basis.

5. REVIEW OF THIS STATEMENT

Pursuant to Paragraph 15.23 of the Main LR, the External Auditors have reviewed this Statement for inclusion in the 2014 Annual Report, and reported to the Board that nothing has come to their attention that causes them to believe that this Statement is inconsistent with their understanding of the processes adopted by the Board in reviewing the adequacy and integrity of the system of internal controls.

Statement On Risk Management And Internal Control (cont'd.)

For The Financial Year Ended 31 March 2014

6. CONCLUSION

The Board is pleased to report that the Managing Director/Chief Executive Officer and Chief Finance Officer have given their assurance to the Board that the Company's risk management and internal control systems are operating adequately and effectively, in all material aspects, based on the risk management and internal control systems of the Company. There was no material control failure that would have any material adverse effect on the financial results of the Company for the year under review and up to the date of issuance of the financial statements.

Moving forward, the Company will continue to enhance the existing systems of risk management and internal controls, taking into consideration the changing business environment.

The Board is of the view that the Company's system of internal control is adequate to safeguard shareholders' investments and the Company's assets. However, the Board is also cognisant of the fact that the Company's system of internal control and risk management practices must continuously evolve to meet the changing and challenging business environment. Therefore, the Board will, when necessary, put in place appropriate action plans to further enhance the system of internal control.

This statement was approved by the Board of Directors on 28 May 2014.

Summary of Activities

During the financial year ended 31 March 2014, the Audit Committee had discharged its functions and carried out its duties as set out in the Terms of Reference.

The Audit Committee has also met up with the External Auditors without the presence of all the Executive Board members twice during the financial year in line with its Terms of Reference to encourage a greater exchange of free and honest views between both parties.

A summary of the activities carried out by the Audit Committee during the financial year included the following:-

1. Financial Results

- a) Reviewed the quarterly financial results of the Company focusing particularly on changes in or implementation of major accounting policy changes, significant and unusual events and compliance with accounting standards and other legal requirements before recommending them for approval by the Board of Directors for announcement to Bursa Malaysia Securities Berhad;
- b) Reviewed the reports and the audited financial statements of the Company together with the external auditors prior to tabling to the Board for approval.

In the review of the annual audited financial statements, the Audit Committee had discussed with Management and the External Auditors the accounting principles and standards that were applied and their judgement of the items that may affect the financial statements as well as issues and reservations arising from the statutory audit.

2. External Audit

- a) Reviewed the External Auditors' scope of work and audit plan for the year and made recommendations to the Board on their re-appointment and remuneration;
- b) Reviewed and discussed the External Auditors' audit report and areas for concern highlighted in the management letter, including management's response to the concerns raised by the external auditors, and evaluation of the system of internal controls;

Audit Committee Report (cont'd.)

- c) Discussed significant accounting and auditing issues, impact of new or proposed changes in accounting standards and regulatory requirements; and
- d) Inquired into the assistance given by the Management to the External Auditors.

3. Internal Audit

- a) Reviewed the internal audit plan and resources planning requirements for the financial year;
- b) Reviewed the internal audit issues, recommendations and the management responses to rectify and improve the system of internal control; and
- c) Monitored the implementation of programmes recommended by internal auditors arising from its audits in order to obtain assurance that all key risks and controls have been fully dealt with.

4. Related Party Transactions ("RPT")

- a) Reviewed the recurrent RPT of the Company on a quarterly basis.

The Company's internal audit function, which is outsourced to a professional service firm, assists the Board and the Audit Committee in providing independent assessment of the adequacy, efficiency and effectiveness of the Company's internal control system.

A summary of the activities of the internal audit function for the financial year ended 31 March 2014 is as follows:-

- (a) Formulated the internal audit plan and presented the plan for the Audit Committee's review and approval;
- (b) Executed the internal audit reviews in accordance with the approved audit plan;
- (c) Based on the audit reviews carried out, reported the results of the audit reviews to the Audit Committee every quarter. The reports highlighted internal control weaknesses identified and corresponding recommendations for improvements; and
- (d) Followed up on the status of implementation of management action plans carried out and reported the same to the Audit Committee.

The internal audit reviews carried out during the financial year ended 31 March 2014 did not reveal weaknesses that have resulted in any material losses, contingencies or uncertainties that would require separate disclosure in this annual report.

None of the other directors in office at the end of the financial year had any interest in shares in the Company or its related corporations during the financial year.

OTHER STATUTORY INFORMATION

- (a) Before the statement of comprehensive income and statement of financial position of the Company were made out, the directors took reasonable steps:
- (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts, and satisfied themselves that there were no known bad debts and that adequate allowance had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their values as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.
- (b) At the date of this report, the directors are not aware of any circumstances which would render:
- (i) it is necessary to write off any bad debts or the amount of the allowance for doubtful debts in the financial statements of the Company inadequate to any substantial extent; and
 - (ii) the values attributed to the current assets in the financial statements of the Company misleading.
- (c) At the date of this report, the directors are not aware of any circumstances which have arisen which would render adherence to the existing methods of valuation of assets or liabilities of the Company misleading or inappropriate.
- (d) At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Company which would render any amount stated in the financial statements misleading.
- (e) As at the date of this report, there does not exist:
- (i) any charge on the assets of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; or
 - (ii) any contingent liability of the Company which has arisen since the end of the financial year.

Director's Report (cont'd.)

OTHER STATUTORY INFORMATION (CONT'D.)

(f) In the opinion of the directors:

- (i) no contingent or other liability has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which will or may affect the ability of the Company to meet its obligations when they fall due; and
- (ii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Company for the financial year in which this report is made.

Kam Jin Leong

Before me,

Independent Auditors' Report

to the members of Ajinomoto (Malaysia) Berhad (Incorporated in Malaysia)

Report on the financial statements

We have audited the financial statements of Ajinomoto (Malaysia) Berhad, which comprise the statement of financial position as at 31 March 2014 and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information, as set out on pages 39 to 77.

Directors' responsibility for the financial statements

The directors of the Company are responsible for the preparation of financial statements so as to give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with approved standards on auditing in Malaysia. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgement, including the assessment of risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of the financial position of the Company as at 31 March 2014 and of its financial performance and cash flows for the year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act, 1965 in Malaysia.

Report on other legal and regulatory requirements

In accordance with the requirements of the Companies Act, 1965 in Malaysia, we also report that in our opinion, the accounting and other records and the registers required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Other matters

The supplementary information set out in Note 31 on page 77 is disclosed to meet the requirement of Bursa Malaysia Securities Berhad and is not part of the financial statements. The directors are responsible for the preparation of the supplementary information in accordance with Guidance on Special Matter No. 1, Determination of Realised and Unrealised Profits or Losses in the Context of Disclosure Pursuant to Bursa Malaysia Securities Berhad Listing Requirements, as issued by the Malaysian Institute of Accountants ("MIA Guidance") and the directive of Bursa Malaysia Securities Berhad. In our opinion, the supplementary information is prepared, in all material respects, in accordance with the MIA Guidance and the directive of Bursa Malaysia Securities Berhad.

This report is made solely to the members of the Company, as a body, in accordance with Section 174 of the Companies Act, 1965 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Notes to the Financial Statements

For the financial year ended 31 March 2014

1. CORPORATE INFORMATION

The Company is a public limited liability company, incorporated and domiciled in Malaysia, and is listed on the Main Market of Bursa Malaysia Securities. The registered office of the Company is located at Lot 5710, Jalan Kuchai Lama, Petaling, 58200 Kuala Lumpur.

The holding company is Ajinomoto Co., Inc., a corporation incorporated in Japan.

The principal activities of the Company are manufacturing and selling of monosodium glutamate and other related products. There have been no significant changes in the nature of the principal activities during the financial year.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors on 25 June 2014.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

The financial statements of the Company comply with Malaysian Financial Reporting Standards ("MFRS"), International Financial Reporting Standards ("IFRS") and the requirements of the Companies Act, 1965 in Malaysia.

At the beginning of the current financial year, the Company adopted the new MFRS and IC ("Interpretations Committee") Interpretations that are mandatory for the financial periods beginning on or after 1 April 2013.

The financial statements of the Company have been prepared on a historical cost basis unless otherwise indicated in the accounting policies below.

The financial statements are presented in Ringgit Malaysia ("RM") which is also the Company's functional currency.

2.2 Changes in accounting policies and effects from the adoption of New and Revised MFRSs

As of 1 April 2013, the Company adopted the following new and amended MFRSs mandatory for annual financial periods beginning on or after 1 January 2013.

Effective for annual periods beginning on or after 1 January 2013

MFRS 13	Fair Value Measurement
MFRS 119	Employee Benefits
Amendments to MFRS 1	First-time Adoption of Malaysian Financial Reporting Standards (Annual Improvements 2009-2011 Cycle)
Amendments to MFRS 7	Financial Instruments: Disclosures - Offsetting Financial Assets and Financial Liabilities
Amendments to MFRS 101	Presentation of Financial Statements (Annual Improvements 2009-2011 Cycle)
Amendments to MFRS 116	Property, Plant and Equipment (Annual Improvements 2009-2011 Cycle)
Amendments to MFRS 132	Financial Instruments: Presentation (Annual Improvements 2009-2011 Cycle)
Amendments to MFRS 134	Interim Financial Reporting (Annual Improvements 2009-2011 Cycle)
IC Interpretation 20	Stripping Costs in the Production Phase of a Surface Mine

The adoption of the above amendments to MFRSs does not have any significant impact to the Company.

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements, unless otherwise stated.

(a) Foreign currency

(i) Functional and presentation currency

The financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ("the functional currency"). The financial statements are presented in Ringgit Malaysia ("RM"), which is also the Company's functional currency.

(ii) Foreign currency transactions

Transactions in foreign currencies are measured in the functional currencies of the Company and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items denominated in foreign currencies that are measured at historical cost are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items denominated in foreign currencies measured at fair value are translated using the exchange rates at the date when the fair value was determined.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the reporting date are recognised in profit or loss.

Exchange differences arising on the translation of non-monetary items carried at fair value are included in profit or loss for the period except for the differences arising on the translation of non-monetary items in respect of which gains and losses are recognised directly in equity. Exchange differences arising from such non-monetary items are also recognised directly in equity.

(b) Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses. When significant parts of property, plant and equipment are required to be replaced in intervals, the Company recognises such parts as individual assets with specific useful lives and depreciation, respectively. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. The carrying value of the replaced part is derecognised. All other repair and maintenance costs are recognised in profit or loss as incurred.

Freehold land has an unlimited useful life and therefore is not depreciated. Leasehold lands are depreciated over the period of their respective lease term. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Buildings	9 to 15 years
Motor vehicles	6 years
Plant, machinery and equipment	4 to 15 years
Furniture, fixtures and fittings	10 years

Assets under construction included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(b) Property, plant and equipment (cont'd.)

The residual value, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and expected pattern of consumption of the economic benefits embodied in the property, plant and equipment, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

(c) Other intangible assets

Intangible assets acquired separately are measured initially at cost. The cost of intangible assets acquired in a business combination is their fair value as at the date of acquisition. Following initial acquisition, intangible assets are measured at cost less any accumulated amortisation and accumulated impairment losses. The useful lives of intangible assets are assessed to be either finite or indefinite.

Intangible assets with finite useful lives are amortised over the estimated useful lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method are reviewed at least at each reporting date. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset is accounted for by changing the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in profit or loss.

Intangible assets with indefinite useful lives or not yet available for use are not amortised but tested for impairment annually, or more frequently if the events and circumstances indicate that the carrying value may be impaired either individually or at the cash-generating unit level. The useful life of an intangible asset with an indefinite useful life is reviewed annually to determine whether the useful life assessment continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in profit or loss when the asset is derecognised.

(d) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when an annual impairment assessment for an asset is required, the Company makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units ("CGU")).

In assessing value in use, the estimated future cash flows expected to be generated by the asset are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount. Impairment losses recognised in respect of a CGU or groups of CGUs are allocated first to reduce the carrying amount of any goodwill allocated to those units or groups of units and then, to reduce the carrying amount of the other assets in the unit or groups of units on a pro-rata basis.

An impairment loss is recognised in the income statement in the period in which it arises, if the asset is carried at a revalued amount, the impairment loss is accounted for as a revaluation decrease to the extent that the impairment loss does not exceed the amount held in the asset revaluation reserve of the same asset.

Notes to the Financial Statements

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(d) Impairment of non-financial assets (cont'd.)

An assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase.

(e) Financial assets

Financial assets are recognised in the statement of financial position when, and only when, the Company become a party to the contractual provisions of the financial instrument.

When financial assets are recognised initially, they are measured at fair value, plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs.

The Company determines the classification of its financial assets at initial recognition, and the categories include financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments and available-for-sale financial assets.

(i) Financial assets at fair value through profit or loss

Financial assets are classified as financial assets at fair value through profit or loss if they are held for trading or are designated as such upon initial recognition. Financial assets held for trading are derivatives (including separated embedded derivatives) or financial assets acquired principally for the purpose of selling in the near term.

Subsequent to initial recognition, financial assets at fair value through profit or loss are measured at fair value. Any gains or losses arising from changes in fair value are recognised in profit or loss. Net gains or net losses on financial assets at fair value through profit or loss do not include exchange differences, interest and dividend income. Exchange differences, interest and dividend income on financial assets at fair value through profit or loss are recognised separately in profit or loss as part of other losses or other income.

Financial assets at fair value through profit or loss could be presented as current or non-current. Financial assets that is held primarily for trading purposes are presented as current whereas financial assets that is not held primarily for trading purposes are presented as current or non-current based on the settlement date.

(ii) Loans and receivables

Financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables.

Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Loans and receivables are classified as current assets, except for those having maturity dates later than 12 months after the reporting date which are classified as non-current.

For the financial year ended 31 March 2014 (cont'd.)

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(e) Financial assets (cont'd.)

(iii) Held-to-maturity investments

Financial assets with fixed or determinable payments and fixed maturity are classified as held-to-maturity when the Company has the positive intention and ability to hold the investment to maturity.

Subsequent to initial recognition, held-to-maturity investments are measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the held-to-maturity investments are derecognised or impaired, and through the amortisation process.

Held-to-maturity investments are classified as non-current assets, except for those having maturity within 12 months after the reporting date which are classified as current.

(iv) Available-for-sale financial assets

Available-for-sale financial assets are financial assets that are designated as available for sale or are not classified in any of the three preceding categories.

After initial recognition, available-for-sale financial assets are measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except that impairment losses, foreign exchange gains and losses on monetary instruments and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised. Interest income calculated using the effective interest method is recognised in profit or loss. Dividends on an available-for-sale equity instrument are recognised in profit or loss when the Company's right to receive payment is established.

Available-for-sale financial assets are classified as non-current assets unless they are expected to be realised within 12 months after the reporting date.

A financial asset is derecognised when the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying value and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income is recognised in profit or loss.

Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace concerned. All regular way purchases and sales of financial assets are recognised or derecognised on the trade date i.e., the date that the Company commit to purchase or sell the asset.

(f) Impairment of financial assets

The Company assesses at each reporting date whether there is any objective evidence that a financial asset is impaired.

(i) Trade and other receivables and other financial assets carried at amortised cost

To determine whether there is objective evidence that an impairment loss on financial assets has been incurred, the Company consider factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments. For certain categories of financial assets, such as trade receivables, assets that are assessed not to be impaired individually are subsequently assessed for impairment on a collective basis based on similar credit risk characteristics. Objective evidence of impairment for a portfolio of receivables could include the Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period and observable changes in national or local economic conditions that correlate with default on receivables.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(f) Impairment of financial assets (cont'd.)

(i) Trade and other receivables and other financial assets carried at amortised cost (cont'd.)

If any such evidence exists, the amount of impairment loss is measured as the difference between the asset's carrying value and the present value of estimated future cash flows discounted at the financial asset's original effective interest rate. The impairment loss is recognised in profit or loss.

The carrying value of the financial asset is reduced by the impairment loss directly for all financial assets with the exception of trade receivables, where the carrying amount is reduced through the use of an allowance account. When a trade receivable becomes uncollectible, it is written off against the allowance account.

If in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed to the extent that the carrying value of the asset does not exceed its amortised cost at the reversal date. The amount of reversal is recognised in profit or loss.

(ii) Available-for-sale financial assets

Significant or prolonged decline in fair value below cost, significant financial difficulties of the issuer or obligor, and the disappearance of an active trading market are considerations to determine whether there is objective evidence that investment securities classified as available-for-sale financial assets are impaired.

If an available-for-sale financial asset is impaired, an amount comprising the difference between its cost (net of any principal payment and amortisation) and its current fair value, less any impairment loss previously recognised in profit or loss, is transferred from equity to profit or loss.

Impairment losses on available-for-sale equity investments are not reversed in profit or loss in the subsequent periods. Increase in fair value, if any, subsequent to impairment loss is recognised in other comprehensive income. For available-for-sale debt investments, impairment losses are subsequently reversed in profit or loss if an increase in the fair value of the investment can be objectively related to an event occurring after the recognition of the impairment loss in profit or loss.

(g) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

(h) Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present location and condition are accounted for as follows:

- Raw materials: purchase costs on a weighted average method.
- Finished goods and work-in-progress: costs of direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. These costs are assigned on a weighted average method.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and the estimated costs necessary to make the sale.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(i) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(j) Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability.

Financial liabilities, within the scope of MFRS 139, are recognised in the statement of financial position when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. Financial liabilities are classified as either financial liabilities at fair value through profit or loss or other financial liabilities.

(i) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities held for trading include derivatives entered into by the Company that do not meet the hedge accounting criteria. Derivative liabilities are initially measured at fair value and subsequently stated at fair value, with any resultant gains or losses recognised in profit or loss. Net gains or losses on derivatives include exchange differences.

The Company has not designated any financial liabilities as at fair value through profit or loss.

(ii) Other financial liabilities

The Company's other financial liabilities include trade payables and other payables.

Trade and other payables are recognised initially at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

Loans and borrowings are recognised initially at fair value, net of transaction costs incurred, and subsequently measured at amortised cost using the effective interest method. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

For other financial liabilities, gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

A financial liability is derecognised when the obligation under the liability is extinguished. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognised in profit or loss.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(k) Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if, only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

(l) Employee benefits

(i) Short term benefits

Wages, salaries, bonuses and social security contributions are recognised as an expense in the period in which the associated services are rendered by employees. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences. Short term non-accumulating compensated absences such as sick leave are recognised when the absences occur.

(ii) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities or funds and will have no legal or constructive obligation to pay further contributions if any of the funds do not hold sufficient assets to pay all employee benefits relating to employee services in the current and preceding financial years. As required by law, the Company makes contributions to the state pension scheme, the Employees Provident Fund ("EPF"). Such contributions are recognised as an expense in the statement of comprehensive income as incurred.

(iii) Defined benefit plans

The Company has a partly funded defined benefit plan for employees and executives who have served the required number of years of service. Contributions are made to approved benefit schemes operated by independent trustees in accordance with a trust deed.

(m) Leases

(i) As lessee

Finance leases, which transfer to the Company substantially all the risks and rewards incidental to ownership of the leased item, are capitalised at the inception of the lease at the fair value of the leased asset or, if lower, at the present value of the minimum lease payments. Any initial direct costs are also added to the amount capitalised. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged to profit or loss. Contingent rents, if any, are charged as expenses in the periods in which they are incurred.

Leased assets are depreciated over the estimated useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life and the lease term.

Operating lease payments are recognised as an expense in profit or loss on a straight-line basis over the lease term. The aggregate benefit of incentives provided by the lessor is recognised as a reduction of rental expense over the lease term on a straight-line basis.

(ii) As lessor

Leases where the Company retains substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note n(iii).

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(n) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of consideration received or receivable.

(i) Sale of goods

Revenue from sale of goods is recognised upon the transfer of significant risk and rewards of ownership of the goods to the customer. Revenue is not recognised to the extent where there are significant uncertainties regarding recovery of the consideration due, associated costs or the possible return of goods.

(ii) Interest income

Interest income is recognised on an accrual basis using the effective interest method.

(iii) Rental income

Rental income is accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessee are recognised as a reduction of rental income over the lease term on a straight-line basis.

(iv) Other income

Other than those mentioned above, all other income are recognised on accrual basis unless collectability is in doubt.

(o) Income taxes

(i) Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date.

Current taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity.

(ii) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying values for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Notes to the Financial Statements

2. SIGNIFICANT ACCOUNTING POLICIES (CONT'D.)

2.3 Summary of significant accounting policies (cont'd.)

(o) Income taxes (cont'd.)

(ii) Deferred tax (cont'd.)

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying value of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

(p) Share capital

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Ordinary shares are equity instruments.

Ordinary shares are recorded at the proceeds received, net of directly attributable incremental transaction costs. Ordinary shares are classified as equity. Dividends on ordinary shares are recognised in equity in the period in which they are declared.

(q) Contingencies

A contingent liability or asset is a possible obligation or asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of uncertain future event(s) not wholly within the control of the Company.

Contingent liabilities and assets are not recognised in the statement of financial position of the Company.

The Company plans to adopt the above mentioned pronouncements beginning from the respective dates of the pronouncements become effective. These pronouncements are expected to have no significant impact on the financial statements of the Company upon initial application.

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the reporting date. However, uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amount of the asset or liability affected in the future.

3.1 Judgements made in applying accounting policies

There were no significant judgements made by management in the process of applying the accounting policies of the Company which may have significant effect on the amounts recognised in the financial statements.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

(a) Depreciation of plant and machinery

The cost of plant and machinery is depreciated on a straight-line basis over the assets' useful lives. Management estimates the useful lives of these plant and machinery to be within 4 to 15 years. These are based on past life expectancies of the plant and machinery used. Changes in the expected level of usage and technological developments could impact the economical useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

3.2 Key sources of estimation uncertainty (cont'd.)

(a) Depreciation of plant and machinery (cont'd.)

During the financial year, the Company conducted an operational efficiency review on its production lines. The Company revised the estimated useful lives of plant and machineries from 10 to 15 years to better reflect the useful lives of these plant and machineries. The revision in estimate has been applied on a prospective basis from 1 April 2014. The effect of the above revision on depreciation charge in current and future periods are as follows:

	2014 RM	2015 RM	2016 RM	2017 RM
Decrease in depreciation expenses	3,578,259	2,748,053	1,989,113	1,705,678

Subsequent to financial year ending 31 December 2017, the decrease in depreciation expenses are not material.

(b) Deferred tax

Deferred tax assets are recognised for all unused tax losses, unabsorbed capital allowances, unused reinvestment allowances and other temporary differences to the extent that it is probable that taxable profit will be available against which the losses, capital allowances, unused reinvestment allowances and other temporary differences can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Further details of the recognised deferred tax assets are disclosed in Note 21.

(c) Tax provisions

Significant judgement and estimates are used in arriving at taxable profits for the year and for prior years, including assessing the deductibility of expense items for tax purposes. Management are guided by tax laws/cases on such instances. Management believes that all deductions claimed, in arriving at taxable profits for current and prior years, are appropriate and justifiable.

(d) Impairment of loans and receivables

The Company assesses at each reporting date whether there is any objective evidence that a financial asset is impaired. To determine whether there is objective evidence of impairment, the Company considers factors such as the probability of insolvency or significant financial difficulties of the debtor and default or significant delay in payments.

Where there is objective evidence of impairment, the amount and timing of future cash flows are estimated based on historical loss experience for assets with similar credit risk characteristics. The carrying amount of the Company's loans and receivables at the reporting date is disclosed in Note 16.

At the reporting date, trade receivables arising from export sales amounting to RM1,077,607 (2013: RM770,842) have been arranged to be settled via letters of credit issued by reputable banks in countries where the customers are based. Trade receivables that are secured by bank guarantee amounted to RM444,690 (2013: RM764,292) at the reporting date. The remaining balance of receivables that are past due but not impaired are unsecured in nature.

Receivables that are impaired

The Company's trade receivables that are impaired at the reporting date and the movement of the allowance accounts used to record the impairment are as follows:

	Individually impaired	
	2014 RM	2013 RM
Trade receivables - nominal amounts	212,762	147,878
Less: Allowance for impairment	(212,762)	(147,878)

16. TRADE AND OTHER RECEIVABLES (CONT'D.)

(a) Trade receivables (cont'd.)

Movement in allowance accounts:

	2014 RM	2013 RM
At 1 April	147,878	91,501
Impairment loss (Note 8)	64,884	72,522
Written off	-	(16,145)
At 31 March	212,762	147,878

Trade receivables that are individually determined to be impaired at the reporting date relate to debtors that are in significant financial difficulties and have defaulted on payments. These receivables are not secured by any collateral or credit enhancements.

(b) Staff loans

Other receivables that are impaired

The Company's other receivables that are impaired at the reporting date and the movement of the allowance accounts used to record the impairment are as follows:

	Individually impaired	
	2014 RM	2013 RM
Other receivables - nominal amounts	8,373	8,373
Less: Allowance for impairment	(8,373)	(8,373)
	-	-
At 1 April	8,373	14,109
Reversal of impairment loss (Note 8)	-	(5,736)
At 31 March	8,373	8,373

At the reporting date, the Company has provided an allowance of RM8,373 (2013: RM8,373) for impairment of the unsecured staff loan with a nominal amount of RM8,373 (2013: RM8,373).

Staff loans are unsecured, bear interest at 2.5% p.a. (2013: 2.5% p.a.) or non-interest bearing. Non-current amounts have an average maturity of 2.28 years (2013: 1.73 years). The loans are recognised initially at fair value. The difference between the fair value and the nominal loan amount represents payment for services to be rendered during the period of the loan and is recorded as part of operating expenses.

(c) Related party balances

Amounts due from related companies are unsecured, non-interest bearing and are repayable upon demand.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

17. DERIVATIVES

The table below shows the fair values of derivative financial instruments, recorded as assets or liabilities, together with their notional amounts. The notional amount, recorded at gross, is the amounts of a derivative's underlying assets, reference rate or index and is the basis upon which changes in the values of derivatives are measured. The notional amounts indicated the volume of transactions outstanding at the reporting date and are indicative of neither the market risk nor the credit risk.

	Assets RM	Liabilities RM	Notional Amount RM
As at 31 March 2014:			
Derivative held-for-trading :			
- Forward foreign exchange contracts	161,188	75,022	12,151,171
As at 31 March 2013:			
Derivative held-for-trading :			
- Forward foreign exchange contracts	1,800	61,848	8,939,403

The Company uses forward currency contracts to manage some of the transaction exposure. These contracts are not designated as cash flow or fair value hedges and are entered into for periods consistent with currency transaction exposure and fair value changes exposure. Such derivatives do not qualify for hedge accounting.

Forward currency contracts are used to hedge the Company's sales and purchases of raw materials denominated in United States Dollar ("USD") and Singapore Dollar ("SGD") for which firm commitments existed at the reporting date, extending to June 2014.

During the financial year, the Company recognised a gain of RM146,214 (2013: loss of RM33,275) arising from fair value changes of derivative liabilities. The fair value changes are attributable to changes in foreign exchange spot and forward rate.

18. CASH AND CASH EQUIVALENTS

	2014 RM	2013 RM

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All ordinary shares rank equally with regard to the Company's residual assets.

The share premium account is not available for distribution but may be applied for bonus issue of shares.

23. RETAINED EARNINGS

As at 31 March 2013, the Company has tax exempt profits available for distribution of approximately RM59,226,126, subject to the agreement of the Inland Revenue Board. The Company has sufficient tax credit under Section 108 of the Income Tax Act, 1967 and the balance in the tax exempt income account to frank the payment of dividends amounting to RM101,962,981 out of its retained profits as at 31 March 2013. If the balance of the retained earnings of RM77,152,503 were to be distributed as dividends, the Company may distribute such dividends under the single tier system.

The transitioning period for utilisation of tax credit under Section 108 ended on 31 December 2013. The entire retained earnings as at 31 March 2014 may be distributed as dividends under single tier system.

The directors are of the opinion that all the transactions above have been entered into in the normal course of business and have been established on negotiated terms and conditions that are not materially different from those obtainable in transactions with unrelated parties.

- (b) Compensation of key management personnel

The directors of the Company are the key management personnel during the year whose remuneration is disclosed in Note 7.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

27. FAIR VALUE OF FINANCIAL INSTRUMENTS

Determination of fair value

Financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

The following are classes of financial instruments that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value:

	<u>Note</u>
Trade and other receivables (excluding prepayments) (current)	16
Trade and other payables (current)	20

The carrying amounts of these financial assets and liabilities are reasonable approximation of fair values due to their short-term nature.

Staff loans

The fair values of these financial instruments are estimated by discounting expected future cash flows at market incremental lending rate for similar types of lending and borrowing at the reporting date.

Derivatives

Forward currency contracts are valued using a valuation technique with market observable inputs. The most frequently applied valuation techniques include forward pricing using present value calculations. The models incorporate various inputs including the credit quality of counterparties, foreign exchange spot and forward rates.

The Company uses the following hierarchy for determining the fair value of all financial instruments carried at fair value:

Level 1 - Quoted prices in active markets for identical financial instruments.

Level 2 - Inputs that are based on observable market data, either directly or indirectly.

Level 3 - Inputs that are not based on observable market data.

As at the reporting date, the Company held the following financial assets and liabilities that are measured at fair value:

	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
As at 31 March 2014:				
<i>Financial assets</i>				
Available-for-sale financial assets - Investment securities	977,496	-	-	977,496

There were no material transfer between Level 1, Level 2 and Level 3 during the financial year.

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to financial risks arising from their operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk, foreign currency risk and market price risk.

The Board of Directors reviews and agrees policies and procedures for the management of these risks, which are executed by the director in charge of finance, Finance Manager and the Finance Department. The management committee provides an oversight to the effectiveness of the risk management process.

It is, and has been throughout the current and previous financial year, the Company's policy that no derivatives shall be undertaken except for the use as hedging instruments where appropriate and cost-efficient. The Company does not apply hedge accounting.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including investment securities, cash and bank balances and derivatives), the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Company trades only with recognised and creditworthy third parties. It is the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant. For transactions that do not occur in the country of the relevant operating unit, the Company does not offer credit terms without the appropriate approval.

Exposure to credit risk

At the reporting date, the Company's maximum exposure to credit risk is represented by:

- The carrying amount of each class of financial assets recognised in the statement of financial position, including derivatives with positive fair values.

Information regarding credit enhancements for trade and other receivables is disclosed in Note 16.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(a) Credit risk (cont'd.)

Credit risk concentration profile

The Company determines concentrations of credit risk by monitoring the country profile of its trade receivables on an ongoing basis. The credit risk concentration profile of the Company's trade receivables at the reporting date are as follows:

	2014		2013	
	RM'000	% of total	RM'000	% of total
By country:				
Malaysia	17,943	52%	20,241	55%
Indonesia	3,890	11%	4,567	13%
Middle East	3,222	9%	3,154	9%
Singapore	1,333	4%	1,554	4%
Thailand	1,027	3%	1,159	3%
Brunei	857	3%	882	2%
Japan	399	1%	357	1%
Other countries	5,641	17%	4,911	13%
	<u>34,312</u>	<u>100%</u>	<u>36,825</u>	<u>100%</u>

At the reporting date, approximately:

- 36% (2013: 32%) of the Company's trade receivables were due from 5 major customers.
- 26% (2013: 22%) of the Company's trade and other receivables were due from related companies.

Financial assets that are neither past due nor impaired

Information regarding trade and other receivables that are neither past due nor impaired is disclosed in Note 16. Deposits with banks and other financial institutions, investment securities and derivatives that are neither past due nor impaired are placed with or entered into with reputable financial institutions or companies with high credit ratings and no history of default.

Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in Note 16.

(b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The table below summarises the maturity profile of the Company's liabilities at the reporting date based on contractual undiscounted repayment obligations.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(b) Liquidity risk (cont'd.)

	On demand or within one year	
	2014	2013
	RM	RM
Financial liabilities:		
Trade and other payables	33,495,000	39,738,152

(c) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates.

The Company's exposure to interest rate risk arises primarily from the deposits placed with licensed financial institutions. All of the Company's financial assets are contractually re-priced at intervals of less than 6 months (2013: less than 6 months) from the reporting date.

Sensitivity analysis for interest rate risk

At the reporting date, if interest rates had been 10 basis points lower/higher, with all other variables held constant, the Company's profit net of tax would have been RM90,911 higher/lower, arising mainly as a result of higher/lower interest income from deposits with licensed financial institutions. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment.

(d) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company has transactional currency exposures arising from sales or purchases that are denominated in a currency other than the functional currency of the Company, Ringgit Malaysia ("RM"). The foreign currencies in which these transactions are denominated are mainly USD and SGD.

Approximately 32% (2013: 32%) of the Company's sales are denominated in foreign currencies whilst almost 45% (2013: 45%) of costs are denominated in foreign currencies. The Company's trade receivables and trade payables balances at the reporting date have similar exposures.

The Company also hold cash and cash equivalents denominated in foreign currencies for working capital purposes. At the reporting date, such foreign currency balances in USD and SGD amounted to RM5,633,024 (2013: RM3,012,145).

The Company use forward currency contracts to eliminate the currency exposures for which settlement is anticipated more than one month after the Company has entered into a firm commitment for a sale or purchase. The forward currency contracts must be in the same currency as the hedged item. It is the Company's policy not to enter into forward contracts until a firm commitment is in place.

At 31 March 2014, the Company hedged 93% (2013: 90%) and 71% (2013: 67%) of its foreign currency denominated sales and purchases of raw materials respectively for which firm commitments existed at the reporting date, extending to June 2014.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

28. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D.)

(d) Foreign currency risk (cont'd.)

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Company's profit net of tax to a reasonably possible change in the USD, JPY, EUR and SGD exchange rates against the respective foreign currencies, with all other variables held constant.

	2014 RM'000 Profit net tax	2013 RM'000 Profit net tax
USD/RM - strengthened 4% (2013: 4%)	187	211
- weakened 4% (2013: 4%)	(187)	(211)
JPY/RM - strengthened 4% (2013: 4%)	(19)	(29)
- weakened 4% (2013: 4%)	19	29
SGD/RM - strengthened 4% (2013: 4%)	67	63
- weakened 4% (2013: 4%)	(67)	(63)
EUR/RM - strengthened 4% (2013: 4%)	-	(8)
- weakened 4% (2013: 4%)	-	8

(e) Market price risk

Market price risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market prices (other than interest or exchange rates).

The Company is exposed to equity price risk arising from its investment in quoted equity instruments. The quoted equity instruments in Malaysia are listed on the Bursa Malaysia. These instruments are classified as available-for-sale financial assets.

Sensitivity analysis for equity price risk

At the reporting date, if the market price of the equity instruments had been 5% higher/lower, with all other variables held constant, the Company's other reserve in equity would have been RM48,875 higher/lower, arising as a result of an increase/decrease in the fair value of equity instruments classified as available-for-sale.

29. CAPITAL MANAGEMENT

The primary objective of the Company's capital management is to ensure that it maintains a sustainable capital position in order to support its business and operations.

The Company manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 March 2014 and 31 March 2013.

Notes to the Financial Statements

For the financial year ended 31 March 2014 (cont'd.)

30. SEGMENTAL INFORMATION

(a) Business segment

The Company is primarily engaged in two major areas of activities, Umami segment and Food and seasoning segment. Umami segment comprises products that are derived from the fermentation process such as Monosodium Glutamate (MSG) and related products. The food and seasoning segment consists of products derived from the extraction and mixing process such as Industrial Seasonings, Tumix and related seasonings. Other products sold by the Company include trading goods such as industrial sweetener, feed-use amino acids and frozen food.

Explanatory Notes to Special Business: -

1. Authority pursuant to Section 132D of the Companies Act, 1965

The Company wishes to renew the mandate on the authority to issue shares pursuant to Section 132D of the Companies Act, 1965 at the 53rd AGM of the Company (hereinafter referred to as the "**General Mandate**").

The Company had been granted a general mandate by its shareholders at the 52nd AGM of the Company held on 30 September 2013 (hereinafter referred to as the "**Previous Mandate**").

The Previous Mandate granted by the shareholders had not been utilised and hence, no proceed was raised therefrom.

The purpose to seek the General Mandate is to enable the Directors of the Company to issue and allot shares at any time to such persons in their absolute discretion without convening a general meeting as it would be both time-consuming and costly to organise a general meeting. This authority unless revoked or varied by the Company in a general meeting, will expire at the conclusion of the next AGM.

The Company is actively exploring opportunities to broaden its earnings potential. The proceeds raised from the General Mandate will provide flexibility to the Company for any possible fund-raising activities, including but not limited to placement of shares for purpose of funding future investment project(s), working capital and/or acquisitions.

2. Proposed Renewal of Existing Shareholder Mandate and Proposed New Shareholder Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature (hereinafter referred to as "**the Proposals**")

The Proposals will enable the Company and its affiliated companies to enter into any of the recurrent related party transactions of a revenue or trading nature which are necessary for the Company's day-to-day operations, subject to the transactions being in the ordinary course of business and on normal commercial terms which are not more favourable to the related parties than those generally available to the public and are not to the detriment of the minority shareholders of the Company.

Please refer to the Circular to Shareholders dated 5 September 2014 for more information.

Notice of Annual General Meeting (cont'd.)

3. Approval to Continue in Office as Independent Director

(i) General Tan Sri (Dr) Dato' Paduka Mohamed Hashim Bin Mohd. Ali (Rtd)

The Board of Directors has vide the Nomination Committee conducted an annual performance evaluation and assessment of General Tan Sri (Dr) Dato' Paduka Mohamed Hashim Bin Mohd.  - is not acting as a nominee or representative of any executive director or major shareholder of the said Corporation;
 - has not been engaged as an adviser by the said Corporation under such circumstances as prescribed by the Exchange or is not presently a partner, director (except as an independent director) or major shareholder, as the case may be, of a firm or corporation which provides professional advisory services to the said Corporation under such circumstances as prescribed by the Exchange; or
 - has not engaged in any transaction with the said Corporation under such circumstances as prescribed by the Exchange or is not presently a partner, director or major shareholder, as the case may be, of a firm or corporation (other than subsidiaries of the Company) which has engaged in any transaction with the said Corporation under such circumstances as prescribed by the Exchange;
- (b) Dato' Teo has not been involved in any business or other relationship which could hinder the exercise of independent judgement, objectivity or his ability to act in the best interests of the Company;
- (c) Dato' Teo has no potential conflict of interest, whether business or non-business related with the Company;
- (d) Dato' Teo has not established or maintained any significant personal or social relationship, whether direct or indirect, with the Managing Director/Chief Executive Officer and Executive Directors, major shareholders or management of the Company (including their family members) other than normal engagements and interactions on a professional level consistent with his duties and expected of him to carry out his duties as an independent director; and
- (e) Dato' Teo does not derive any remuneration and other benefits apart from Directors' fees that are approved by shareholders.

Notes to the Notice of the 53rd AGM:-

1. In respect of deposited securities, only members/shareholders whose names appear in the Record of Depositors on 22 September 2014 ("**General Meeting Record of Depositors**") shall be eligible to attend the Meeting.
2. A member/shareholder entitled to attend and vote at the Meeting is entitled to appoint any person as his proxy to attend and vote instead of the member/shareholder at the Meeting. There shall be no restriction as to the qualification of the proxy. A proxy appointed to attend and vote at the Meeting shall have the same rights as the member/shareholder to speak at the Meeting.
3. A member/shareholder entitled to attend and vote at the Meeting is entitled to appoint up to two (2) proxies to attend and vote in his stead. A proxy may but need not be a member/shareholder of the Company and the provisions of Section 149(1)(b) of the Companies Act, 1965 need not be complied with. Where a member/shareholder appoints two (2) proxies, the appointments shall be invalid unless he specifies the proportion of his shareholdings to be represented by each proxy. Only one (1) of the proxies is entitled to vote on a show of hands.
4. The instrument appointing proxy shall be in print or writing under the hand of the member/shareholder or his duly constituted attorney, or in the case of a corporate member/shareholder, under its common seal or under the hand of its officer or attorney duly authorised.
5. Where a member/shareholder is an exempt authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991 ("**SICDA**") which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("**omnibus account**"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
6. The instrument appointing a proxy must be deposited at Securities Services (Holdings) Sdn. Bhd. of Level 7, Menara Milenium, Jalan Damanlela, Pusat Bandar Damansara, Damansara Heights, 50490 Kuala Lumpur, Wilayah Persekutuan, not less than forty-eight (48) hours before the time fixed for holding the meeting or at any adjournment thereof.
7. This Agenda item is meant for discussion only, as the provision of Section 169(1) of the Companies Act, 1965 does not require a formal approval of the members/shareholders for the Audited Financial Statements. Hence, this Agenda item is not put forward for voting.

ENVIRONMENT

As a truly global company, we are committed to social and environmental sustainability. We will continue to contribute towards this goal through the fields of Food and Health like no other company can and will strive to earn the trust of the people of the world for generations to come

Community Activity

DELIVERING HAPPINESS TO BRING SMILE TO THE PEOPLE

Pertaining to the famous statement: "there is no exercise better for the heart than reaching down and lifting people up", happiness becomes meaningful only when generosity essentially spreading them as far as they can reach. Ajinomoto (Malaysia) Berhad takes generosity into account to make sure our society becoming a happier and better place to live within. The company has never failed to carry on the efforts this year, with more kindness being funneled to the less fortunate this year.

Providing Timely Aid To The Needy

Year 2013 ended with pervasive rain water that victimised the notorious flooding areas along East Coast of Peninsular Malaysia, including Kuantan, Sungai Lembing in Pahang, and the nearby neighbourhood of Kemaman in Terengganu.

With the hope to ease flood rescue and bring relief to the needy, Ajinomoto (Malaysia) Berhad took on the mission of aiding the flood victims with immediate food supply through the collaboration with Sin Chew Daily to make a prompt arrangement to bring all donated produces to the devastating areas, so that the victims were able to cope up with the daily chores in harsh situation.

Shaping A Lovely Community In The Holy Month

No one has ever become poor by giving, kindness makes a better world. Ajinomoto (Malaysia) Berhad concerned much on the welfare of the poor and we felt grateful to be able to contribute more to the community by joining efforts with Harian Metro in a charity campaign entitled 'Titipan Kasih Ramadan 2013' during the holy Ramadan period.

AJINOMOTO® crew and top management paid a warm-hearted visit to the hundreds of less fortunate and poor during the campaign and together we had a Buka Puasa charity dinner.

Alongside the appetising feast sponsorship, seasonal cash known as Duit Raya, new clothes, and daily needs for festive preparation were given out to all the needy during the event. Highlights of the event also include subsidised shopping spree for the orphans and series of cooking demonstration that aimed to educate the community.

INFUSING HOPES OF LIFE TO THE LESS FORTUNATE

No one should be left behind in a society. Ajinomoto (Malaysia) Berhad upholds humanity growth to sustain a balanced society development, which is crucial at national level. Compassionate to assist the needy in their life, especially the poor and the neglected groups, Ajinomoto (Malaysia) Berhad conducted series of campaign to channel all concerns and supports. Together we light up their hopes of life.

Developing Culinary Skill To Sustain A Living

Give a man a fish and you feed him for a day. Teach a man to fish and you feed him for a lifetime; this proverb best describes the corporate social responsibility initiative of Ajinomoto (Malaysia) Berhad. It is along this principle that we contribute efforts to help various disadvantaged groups including orphans and single mothers in the Klang Valley, equipping them with essential cooking skills that they may apply in the pursuit of future success.

The Living Skill Development Programme, which was launched in June 2013 was a collaborative effort between Ajinomoto (Malaysia) Berhad and an NGO known as Fuzimagic. The programme features 2 stages of culinary classes for a year, namely Intensive Basic Culinary Skills Training Class and Exclusive Culinary Class. Participants were exposed to the technique of cooking, the usage of appropriate cooking utensils, cutting/slicing techniques, maintaining a hygienic kitchen and learnt about street food cooking method.

Healthy Child Growth For The Orphans With Foster Parents

Apart from supporting the less privileged group in terms of daily necessities, Ajinomoto (Malaysia) Berhad concerned on giving attention and care to the nonchalant group of orphans as well as to develop their moral principles in a foster parenthood campaign that focused more towards soul care instead of solely financial support throughout the year.

We contributed an initiative to organise a 1-year corporate citizenship programme involving 15 staff as foster parents and 30 orphans as foster children from 'Faith Hope & Love Home', 'Pusat Jagaan Kanak-kanak Sayang', and 'Rumah Shalom'. This project is in collaboration with the top ranked Chinese newspaper in Malaysia – Sin Chew Daily and each participated member was paired with 2 orphans to establish an intimate connection as foster parent and children.

2 key activities were held in a year. The first project offered the participants a first-touch outing exposure to the 'Farm in the City' in Puchong South, Selangor, followed by the second project that involved intimate learning trip, with a fun-filled educational visit to Ajinomoto (Malaysia) Berhad and Sin Chew Daily.

During the visit at 'Farm in the City', various activities brought along light-hearted moments, especially the petting zoo tour, animal shows, 'famer day-out challenge' and tutorial on flowers planting. These activities not only educated the children about the relationship between environment, animals and plants, it also instilled a sense of awareness among all Ajinomoto (Malaysia) Berhad staff about the importance of environmental care and inculcating a caring behaviour.

PROMOTING HEALTHY LIVING FROM HEALTHY DIET CULTIVATION

Healthy diet is the key to healthy living, and well-being is the new wealth. As our country advances towards becoming a developed nation, lifelong healthy is an essential achievement for the public to enjoy a worry-free living. And it is all starting from our daily diet, as Ajinomoto Group's slogan stated, 'Eat Well, Live Well'.

Communicating Healthy Diet Information Through Cooking Demonstration

Food has been an essential nourishment to supply nutrients that cater for our daily needs. Playing a part in cultivating the community the importance of consuming nutritious yet delicious food to maintain healthy living, Ajinomoto (Malaysia) Berhad has been keen enough to disclose nutritious recipe through cooking demonstration in the public. There were several cooking demonstrations being organised in the pipeline throughout the year.

In one of the events, it was taken place in National Library, where orphans from 2 orphanages were offered the opportunity to learn 2 recipes by using AJINOMOTO® products with hands-on experience. During the demonstration, tips of healthy diet were comprehensively shared so that this less fortunate group would benefit from the essential healthy way of living that they are about to embrace.

In another event, a cooking demonstration hosted by the exclusively invited Chef Zam, a local well-known celebrity chef best disclosed the hassle-free method of living healthy. Took place in Karangraf, the event attracted general public with their interest drawn over the health tips in food preparation by using AJINOMOTO® products. The crowd was absolutely impressed by the easy preparation of all 3 authentically tantalising recipes. Well-received by dozens of discerning taste buds on-the-spot, they claimed it a remarkable healthy food indulgence.

Promoting A Less Salt Healthy Lifestyle

Tagging on government direction to encourage less salt diet to combat Non-Communicable Disease (NCD), Ajinomoto (Malaysia) Berhad put much effort in promoting our Umami-rich products that enhance food taste with less salt intake.

However, passing down the information requires strong influence possessed by the key opinion leaders and local media. To make them take a lead in disseminating ideas that shape public trend, talks and exhibitions were conducted throughout the year involving the said parties such as Nutrition Society of Malaysia (NSM), Malaysian Dietitians' Association (MDA), universities and print media. During these events, the concepts of Umami as well as its benefits, which were barely known in the public, were disclosed to these messengers comprehensively.

Besides, Umami seminar in higher learning institution was also organised to further benefit the key opinion leaders with the inclusive education on Umami applications in lower salt diets for healthy living.

Human Resource Development

ENHANCING CORPORATE VALUES THROUGH ORGANISATIONAL CULTURE DEVELOPMENT PROGRAMMES

Ajinomoto (Malaysia) Berhad recognises corporate values as the operating philosophies or principles that guide the organisation's internal conduct as well as its relationship with its customers, partners, and shareholders. In order to cultivate and instill high commitment of corporate values, Ajinomoto (Malaysia) Berhad organised a series of culture development programmes that upkeep the work ethics.

Cultivating Work Ethics For A Better Working Environment

Staff is a crucial asset that helps in the process of shaping a healthy and professional organisational culture. By emphasising on the learning and prospective growth to further improve working environment as well as productivity in Ajinomoto (Malaysia) Berhad, a companywide 5S campaign was launched on 22 November 2011 and continued as part of the Mid Term Plan goal. With the aim to create 5S as part of the company culture, a series of activities were held over the period such as trainings, coaching, learning trip and audits.

Recently, a 5S Top Management Inspection Tour was organised to evaluate the overall 5S implementation within corporate premises, besides examining its impact towards the Company. Throughout the inspection tour, top management was satisfied with the overall practices of Seiri, Seiton and Seiso and looking forward to seeing more improvements in the phases of Seiketsu and Shitsuke.

To further cultivate a good corporate culture, a companywide "MUDA" Elimination Poster Presentation Competition which involves 17 departments was conducted on 26 February 2014 to further realise the objective of "MUDA" Elimination, which is part of the Kaizen activity to develop a strong organisation culture for eliminating waste.

Efficiency And Effectiveness Bring Excellences

Ajinomoto (Malaysia) Berhad values effectiveness as important work culture. In line with that, See, Think, Plan, Do (STPD) Programme was implemented to strengthen a work culture that emphasises effectiveness within our staff. Group trainings and discussions were held throughout the year to expedite the idea of STPD that ensures quality of work delivery. This new application of STPD method is expected to penetrate all daily activities and improve work efficiency as well as result effectiveness.

The Unique Protocol For All Pursuance In Ajinomoto Group

Ajinomoto Group Way (AGW) is a set of 4 values including 'Value Creation', 'Pioneer Spirit', 'Social Contribution' and 'Value People' that was introduced by the headquarter, Ajinomoto Co. Inc, Japan.

With the objectives to instill the 4 values to all employees as well as to prepare the employees to respond to the rapid environmental changes due to globalisation, detailed trainings and enhancement programmes were carried out by the AGW committees, and fully backed by the commitment and support from all management staff and employees.

Human Resource Development

COMPLIANCE TRAINING TO ALL EMPLOYEES

Aside from skill and knowledge improvement, Ajinomoto (Malaysia) Berhad took the responsibility on personal growth of all staff to maximise everyone's contribution to make sure all business conducts are comply to the standards and regulations given.

As a response to government's guidelines in food production sector, coaching on every phase of the job is always our focus to ensure a high level of job performances among our people. Different kinds of intensive trainings regarding HALAL, PDPA, and HACCP compliances were designed and arranged throughout the year for our people in accordance to the corporate principles, including social responsibilities.

Human Resource Development

CREATING AN IDEAL WORK PLACE FOR WORRY-FREE EXPERIENCES

To create a worry-free and hazardless working environment, Ajinomoto (Malaysia) Berhad's top priority also goes to the safety at workplace in order to assure the well-being of all our staff. We encourage participation and involvement of all levels of work forces in ensuring safety, healthy, and nature-friendly environment at our work place.

As the idiom goes, prevention is better than cure, Ajinomoto (Malaysia) Berhad organised a Safety, Health and Environmental (SHE) campaign for 2 weeks consecutively from 10th to 21st February, 2014 with the aim to raise awareness concerning Safety, Health and Environmental issues among all staff and other stakeholders within the company premises. During the 2-week campaign, a series of activities and trainings were planned and organised to strengthen the awareness.

PRESERVING ENVIRONMENTAL SUSTAINABILITY FOR THE BENEFITS OF ALL MANKIND AND LIFE-BEINGS

Environmental sustainability is a vital issue that becomes acute in the 21st century under massive human development activities. Ajinomoto (Malaysia) Berhad understands the importance of environmental balance and have been taking series of initiatives to achieve sustainability.

Little efforts bring a big change. Being as part of the global population, Ajinomoto (Malaysia) Berhad perceived environmental conservation as part of our responsibilities. At instance, throughout the year of 2013 we cleaned up the surrounding area, prevented food waste, and educated all staff with the ideas of environmental conservation.

Smile Earth ! Smiles For People, Smile For The Earth

As a responsible corporate citizen, Ajinomoto (Malaysia) Berhad takes up its corporate responsibilities to demand a drastic change in the lifestyle starting from all fellow staff via actively participated in the Smile Earth campaign which is a global citizenship activity initiated by the headquarter, Ajinomoto Co. Inc, Japan.

The 5th year in consecutive brought about a successful 'Clean Up Our Earth Together Day' event in Malaysia, Ajinomoto (Malaysia) Berhad had once again extended the ½-day campaign to neighbouring company, Malaysia Packaging Industry Berhad (MPIB) who participated along in this meaningful activity. With the aims to provide a clean and safe environmental for our neighbourhoods as part of our community service responsibilities, a total of 178 participants from Ajinomoto (Malaysia) Berhad and 34 participants from MPIB cleaned up the neighbourhood together with a total of 180kg rubbish was collected.

Other than that, 'Love Food, Hate Waste' campaign had once again taken place in within the business premises of Ajinomoto (Malaysia) Berhad. This year the campaign was further enhanced by combining Mottainai activity with the aims to further boost up the awareness of food waste and cultivate the habit of 'empty plate' among internal staff as well as our neighbouring food stalls. In this campaign, all the collected food waste were turned into fertilizers and donated to charity homes later for gardening activities.

We always believe we can make bigger contribution to the environment following the warm whelming response from the employees who will be the role model to others.

STATEMENT ON 2013 ENVIRONMENTAL PERFORMANCES

In FY2013, Ajinomoto (Malaysia) Berhad continued to strengthen its efforts towards preserving the surrounding environment to ensure business sustainability and good engagement with the society. The business operations were kept align to our Group Philosophy which strictly demands harmony with the global environment and social sustainability.

Ajinomoto (Malaysia) Berhad ensured full compliance with all related requirements imposed under Malaysian Environmental Quality Act through effective operation control and proactive improvement initiatives by our workforce. We continued to improve the competence of our relevant workforce in areas of concern to ensure timely and effective action been taken at all time.

In FY2013, we continued to implement planned programmes and activities in order to protect our environment and attain the targets of 2011~2013 Ajinomoto Group Zero Emission Plan. The focus was on reduction of CO₂ emission per ton product and reduction of treated waste water discharge per ton product produced. As overall, we managed to achieve good reduction in the CO₂ emission and waste water discharge to External River. The CO₂ emission reduction achieved around 30% lower than the result achieved in 2010 through better fuel oil burning efficiency and reduction of heat lost. A long list of activities was implemented during the last 3 years which resulted in these notable achievements.

Besides that, Energy Saving Team also had taken many efforts to reduce the unit consumption of water by increasing the

water recycle activities in the operation area and reduction of water usage through process optimisation. As results, treated waste water that was discharged to External River achieved 15% lower than the result achieved in 2010. Not only we managed to reduce the total volume discharged but also managed to improve the quality of final discharged water by effective treatment process control.

We are also continued solid waste reduction activities through effective 3R (Reduce, Reuse and Recycle) activities. In 2013 Ajinomoto (Malaysia) Berhad utilised the additional capacity of our organic decomposing machine to decompose the food waste generated from our neighboring restaurants and turn it into organic fertiliser. With this effort we were able to reduce their disposal to landfills besides educating the restaurant staff workers on the decomposing of organic wastes into useful fertiliser.

Ajinomoto (Malaysia) Berhad, also continued to strengthen the environmental preservation commitments through periodical education, skill enhancement and awareness programmes to our internal workforce. In 2013, we continued to organise "Love Food Hate Waste" campaign where our workforce were exposed on the common food waste and the solutions to avoid such waste. We also conducted a series of awareness activities during our "Safety Health and Environment Week" that aimed to improve our internal workforce competences and knowledge on environment preservation. These activities ensured that the workforce share the same values on environmental preservation and a common goal to build a sustainable society.

Treated waste water discharge: Less 15%
(vs FY2010)

CO₂ emission: Less 30% (vs FY2010)
